Applicant reserves the right to contend, where appropriate, that a reference asserted against any claim of the present application is not prior art under the facts and the law.

Applicant also reserves the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.

Applicant requests that the Examiner independently determine those items which the Examiner would consider the most pertinent of all the references cited herein.

An Office Action on the merits has not been received to date. Therefore, no fee is due under 37 C.F.R. §1.97(c).

It is respectfully requested that the references be considered and made of record.
